**Connected Pharmacy** – has not gone down too well with Community Pharmacy. FL attended workshop 2 and it was very good, there will be mop up sessions. It is on resilience, so very topical. Will look at running face to face sessions with the extra funding and should engage with community pharmacy staff more.

**Finances: Closed**

Discussion over giving a levy holiday in this financial year and carry over. Could do 3 months all together, March/April and May 2022 – ZA to notify NHSBSA.

Booked the Countryside Centre in Worcester for March meeting.

DM – by the end of March will have left both Murrays and PCT so will have to step down from the LPC.

KR - Alison has just emailed saying she's negotiated the survey to stay open until 31st Jan- push pharmacies to get enough responses for Herefordshire.
